

## ANB9: Olivais

2,750m2 Eco Plot

A really lovely little piece of land (2,750m2) which boasts a borehole and a water holding tank for irrigation that includes an underground piped irrigation system. A generator to run the system is included in the sale.

It has a small block-built store/tool shed of around 15m2.

Perfect situation for solar power. Mains electricity, if required, is about 200m away.

This is really good land to cultivate and already has various fruit trees planted, including fig, apricot, peach, orange, tangerine, plum and many vines. It also has a cork oak and olive trees.

Super little piece of paradise ideal for smallholding/low-impact living in a caravan, yurt, tepee, mobile home, or any kind of accommodation which does not need permanent foundations.

Close to the lovely "Village of Balconies" - Medelim. 16km to the nearest town of Idanha-a-Nova (home to the annual Boom Festival) and 45km from the city of Castelo Branco.

Price: 9,500 euros
