

## PTD53: Flower House

3 bed house for renovation on 2,000m2

Stone-built house with 3 bedrooms, living room, kitchen with open fireplace, and a bathroom on the first floor. On the ground floor are two large store rooms.

The house needs some renovation work to make it habitable.

The landscape and the views are fantastic: all green, with lots of flowers, and birds flying by - typical and beautiful Portuguese countryside!

About 3 minutes from Espinhal (with restaurants, shops and market) and about 5 minutes from Penela with health centre, banks, town hall, shops, market, schools, etc.

Price: 53,000 euros
